## ATTENTION

### MEMBERS OF THE CERTIFICATED STAFF

#### TO REQUEST A SUBSTITUTE:

- A. During the Day, until 2 p.m. - Telephone 565-9365 and your call will be answered by Certificated Personnel Services staff.
- B. After 2 p.m. - Telephone 565-9365 and an automatic answering and recording device will receive your request at any hour of the night. Be sure to repeat slowly.
  - 1. Your name (last name first). Spell last name.
  - 2. Your school.
  - 3. The grade level or subject you teach.
  - 4. The anticipated length of your absence.
  - 5. Reporting time of your school.
- C. Substitutes are not to be contacted by teachers or principals to fill assignments. Teachers or principals may request their preferred substitute through the Personnel Services.
- D. Notice of Return to Duty After Absence (R.4151). A teacher who has been absent on a day to day basis shall notify his/her principal of his/her intention to return before the close of school on the day preceding his return to duty. Failure to furnish such notification will authorize the continuance of the substitute for the following school day. This will require the regular teacher to be sent home.
- E. Children's Centers - call 565-9268 to request a substitute.

#### SUBSTITUTES REQUESTING AN ASSIGNMENT:

- A. Substitutes who wish work on a particular day must call Personnel Services on the working day preceding the day you wish to substitute. Call between 6 a.m. and 3:30 p.m. for work on the following day, and your requests will be recorded on tape.
- B. Substitutes should call 863-2335 (if there is no answer call 863-2336). A pre-recorded message will instruct you to give:
  - 1. The division (elementary or secondary) in which you are qualified to work.
  - 2. Your full name (last name first and spelled out).
  - 3. Telephone number.
  - 4. For secondary substitutes, your subject disciplines.
- C. The following morning, using the last name and working from an alphabetized list (produced from the tape as explained in B above), you will be called by Personnel Services and given your assignment.
- D. Substitute teachers who continue to teach at the same school for more than one day need not call each day. You should call the day before you desire a new assignment.
- E. Priority substitutes should identify themselves when they call for assignments.

## FOREWORD

This directory is designed to give pertinent information about the San Francisco Unified School District to staff, members of the San Francisco community and visitors to the City.

The public schools of San Francisco provide free instruction from kindergarten through grade twelve; the District is comprised of an elementary division grades kindergarten through five, a middle school division grades six through eight, and high school grades nine through twelve. Various options are provided in learning programs in an environment of divergent cultural patterns and multi-ethnic groups. The range of programs vary from the traditional 3-R school and year-round school to an academic high school and vocational education.

The public is welcome to visit the school at any time by obtaining permission from the school principal.

Information on enrollment of students can be obtained from the school principal; additional information regarding student assignments can be obtained from the Student Assignment Office, 170 Fell Street, room 10, 565-9705.

In this directory are listings of all the schools in the San Francisco Unified School District, administrative staff, support services, professional organizations and cooperating groups which have affiliation with or related interests in the public schools.

This directory is published and distributed by the Public Information Office as an aid in providing information about the San Francisco Unified School District.
